Estonia - the Land of Lost Boys?

41 Club Hiiumaa (Estonia) has just been chartered during the Round Table International Half Yearly Meeting in Tallin, Estonia. The godfather association was 41 Club Belgium represented by President Edwin, who chaired the Charter ceremony on Friday 3rd of March. It was very well attended by guests from almost ten countries, including David Illingworth who flew in from Cyprus especially for the occasion. There were quite a few lovely speeches and exchange of gifts welcoming the new club, which has approximately 10 members. They seemed very happy to link up with the international community.

The day before the Charter we got a surprising invitation to join an Old Tablers Tallin meeting. It turns out that there are already three clubs with past Tablers in Estonia, but they have not been members of 41 INTERNATIONAL and were unknown to the international board. The board met them briefly for drinks prior to their club meeting to exchange greetings and provide some information. It is our hope that we can see all the Lost Boys in Estonia forming a National Association and joining 41 INTERNATIONAL very soon.

Do you know any other Lost Boys out there? – if so please let the Editor know about them.

Members of 41 Club Denmark presenting a special gift to the new Hiiumaa Club to celebrate their charter.

The traditional exchange of gifts.

Expansion has been a major target for 41 INTERNATIONAL in 2022-23 and it has been very successful. We have already seen the creation of new National Associations in Madagascar, Estonia and Lithuania. There are several more new associations in the pipeline and Ambassadors have been appointed in some countries that have Tables but currently no 41 Clubs. In addition the e-Club has been created for those ex-Tablers who now live in countries where there is no Tabling.

You too can help with the future of the Round Table family worldwide. Do you know anybody, any where in the world that would make a good Round Tabler? If so you can recommend him via Round Table's 'Global Operation Headhunter' campaign. Upon receiving the data you supply RTI will review this and share it with the respective regional chairman and the national board of the potential association. The candidate will then be contacted by their local clubs to start the process. But please check beforehand that the person is happy for you to share their information and be assured that all GDPR regulations are adhered to.

If you would like to nominate somebody then the nomination form is located [HERE](#).

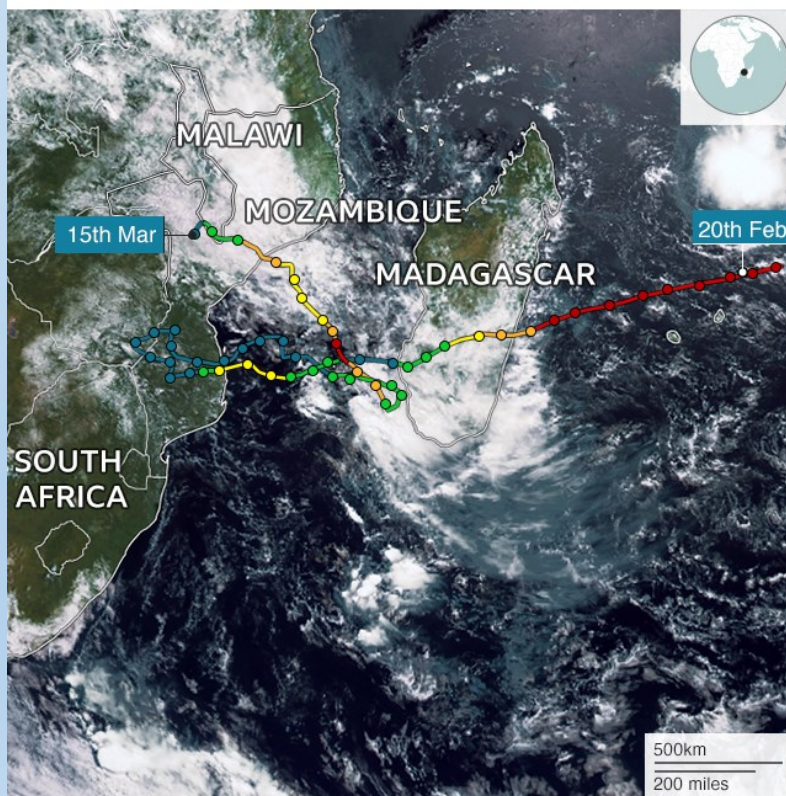

Please send your contributions to communication-manager@41international.net.

Let's spread the word and **MAKE MORE MEMORIES!**

Disaster in Malawi

Malawi has been hit by Cyclone Freddy not once but twice adding to the heavy rains over the last few months. The flooding caused has been devastating. Hundreds have died and at least 35,000 thousand have been made homeless. Crops have been destroyed, road and railway bridges have been washed away and there is a shortage of their staple food.

Round Table Malawi have launched an appeal.

[CLICK HERE](#) to see a BBC news report on the disaster and the sheer size of the devastation.

Details of how to donate to the disaster appeal can be found on page 7

96 Years and Counting.....

On this day, in 1927, Round Table was formed in Suckling House, Norwich England. Now in over 55 countries around the world it all started with this speech.....

"The young business and professional men of this country must get together round the table, adopt methods that have proved so sound in the past, adapt them to the changing needs of the times and wherever possible, improve them"

These words were given in a speech by the then Prince of Wales at the British Industries Fair. Louis Marchesi had already had the idea of starting a club for young men and this speech spurred him on. On the 14th March 1927 Round Table was formed at Suckling House in Norwich taking the motto 'Adopt, Adapt, Improve' which we still use today.

The 100th anniversary of the founding is only four years away. How is your organisation planning to celebrate this major event?

Little known fact—Erminio William Louis Marchesi always used the name Mark in Table

Greetings from the INTERNATIONAL Board.

Notice is hereby given that the 48th Annual General Meeting of 41 INTERNATIONAL is to be held at Stratford Upon Avon, England at the Ballroom of Hotel Crowne Plaza @ 9.00 AM on Saturday 13th May 2023.

“(The counting includes the AGMs held prior to registration in Luxembourg as 41 International a.s.b.l. in March 2020.)”.

The Agenda papers are attached for your reference .

- 1 Notice & Agenda 1
- 2 Appendix -1 (Minutes of World Meet-HYM Odense) 3
- 3 Appendix -2 (Accounts and Budget) 25
- 4 Appendix -3 (Vote for Application of Madagascar) 29
- 5 Appendix -4 (Vote for Affiliation of Bulgaria, Nepal & Malawi) 31
- 6 Appendix -5 (Election of International Vice President 2024-25) 35
- 7 Appendix -6 (Election of International Secretary 2023-26) 41
- 8 Appendix -7 (Rule changes tabled by the INTERNATIONAL Board) 47
- 9 Appendix -7a (Rule change newly tabled by Malta) 67
- 10 Appendix -8 (Vote for Application to host HYM 2025)
- 11 Appendix -9 (Vote for Application to Host AGM 2025) 69
- 12 The Organisation 73
- 13 Delegates 74
- 14 World Meet-AGM GB&I 76
- 15 World Meet-HYM 2023 Cyprus 78

Looking forward for a meaningful World Meet at Stratford Upon Avon, England.

41 INTERNATIONAL Secretary 2019-23

Copies of the AGM agenda have been distributed to the voting delegates in each national association.

41 Portugal Energized

President Joao Barreiros can be proud of a successful AGM weekend in Porto with close to 40 foreign guests in all. The re-elected board had the most productive AGM in ten years and a new energy to develop and take charge of developing 41 Portugal, but also strengthen the Round Table family. New plans for next year are already in motion with Octavio's ideas. We will see our friends on 41er.World very soon. The city of Porto is an experience to visit. From the river go up the hill to find historical old town but also many small shops with products you do not find anywhere else. The restaurants chosen had excellent seafood and all meals were a pleasure for the palate and the eyes. We had nice Port wine of course. All the famous port wine brands had places to sample their produce next to the river. We had a trip to Guimaraes old town, a guided tour of Porto and time to look around too. A great combination of fixed programme and leisure time.

President Joao, IRO Carlos, Octavio and all the other members are hidden jewels. I do hope we will see more of them at international events and that even more past Tablers will visit them in Porto! Another great new memory was made this weekend!

Final Preparations for Stratford upon Avon

Just six weeks to go until the World Meeting / AGM in Stratford upon Avon and the team are putting the finishing touches to a very exciting programme planned for you. They are seen here at the British Motor Museum at Gaydon where the Friday night dinner will be held, together with a few photos of the vast array of British vehicles that will be on display for you to explore.

Amongst the exhibits are the Mini in which Paddy Hopkirk won the Monte Carlo Rally, a 'Judge Dredd' City Cab, Lady Penelope's FAB1 from Thunderbirds, the gas turbine Rover BRM which completed Le Mans twice and a selection of vehicles used by members of the Royal family. The Jaguar display of saloons and sports cars is just part of the 150 historic Jaguars owned by the Jaguar Heritage Trust, housed in an adjacent building. Not to be forgotten are the selection of Formula 1 cars built in Britain.

If you are a car fanatic then I can thoroughly recommend visiting the museum again for a more in depth view and if you have the time then there is another amazing museum in the centre of Coventry, The Coventry Transport Museum has dioramas of Midlands built cars from the early manufacturing workshop through the London Motor Show of the 60s and much more. Plus the world's two fastest cars, Thrust 2 and Thrust SST are on display.

We look forward to welcoming you to Stratford Upon Avon.

Cyclone Freddy Flood Appeal

Hope rises with every donation.
With 1,000s displaced,
Please help Round Table Malawi support
the flood response.

Lithuania

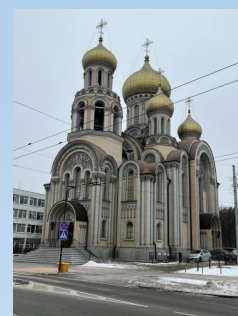

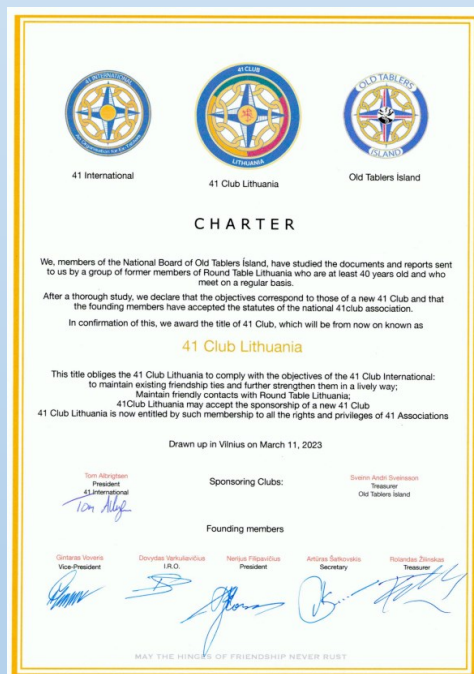

Our newest association to charter!

A new association with a big heart for Tabling was chartered on March 11th in Vilnius, Lithuania. On their independence day and with OT Iceland as godfather. The charter was at Hotel Neringa. The new Board was approved, rules established and members boarded. Initially they have one club, but hope to establish one or two more. These are the Board Members: President Nerijus, VP Guntaras, IRO Dovydas, Secretary Arturas, Treasurer Rolandas.

The hospitality was outstanding and you felt at home with these relaxed and fun loving boys. You can tell they enjoy themselves. On Saturday we had a walk in the city and visited a prison which had been closed in 2014. The conditions were very bad. It was intact and we had a wonderful guide who showed us around and told stories. This was a different kind of tour, edutainment! The late night pub to pub tour showed a vibrant nightlife and some did not get much sleep. This is really a city that does not sleep.

Their application to join 41 INTERNATIONAL can now be formally sent and tabled at the Stratford Upon Avon AGM. Then we hope to see many of the new 41ers from Lithuania in Cyprus at the world meeting HYM in October.

Barry Goes East to Estonia and Finland

March signalled the start of the spring AGM season and I thought some of you might be interested in what I have been doing.

First weekend on March 1st-5th was to Estonia, where the 41 INTERNATIONAL Board visited the Round Table International Half Year World Meeting in the lovely old city of Tallin. As well as seeing a bit of the city we had lots of meetings. Firstly, the Councillors Meeting on Wednesday followed on Thursday by the full Half Year World Meeting.

In between these main meetings the 41 Board met the RTI board for an exchange of views and information, which was really useful, especially to hear all the developments on 41er.World. I also met the other Vice Presidents of the Round Table Family so that we can know each other better and start working together.

Other than that we had time to attend three evening functions two, of which were held in old converted factories. The music at Table events is not to my taste these days but, other than that, all good.

Two weeks later I was off to Tampere in Finland to represent President Tom, who had gone to 41 Club Portugal. I flew via Amsterdam and Jari picked me up from Helsinki Airport. I managed to go on Wednesday 15th March as I have never been to Finland before and wanted to spend more time there. The weather started sunny with no breeze but only zero degrees. I spent Wednesday evening at "Pub Simon" with Jari and Ville, who were joint convenors.

I managed to lose my mobile phone which was a disaster. I now realise just how much you use it. Anyway a very honest young man found it outside Ville's man cave, charged it up, took a photo of the Home Screen and posted it on Facebook Tampere, where Ville spotted it. He brought it back to my hotel at 8am - 36 hours later. Lucky me!

It was a standard style of AGM weekend done very well indeed. Three excellent evening functions with some day trips including to an ice lake where we did ice fishing, had a sauna and some of us went into the icy water to swim. Not me!!!! We also went up a couple of tall towers to see the views over Tampere, which is situated between two lakes. There is a 30 metre difference in the height and they have three old hydro electric power stations to generate electricity as the water goes down the river between them. Tampere is clean and tidy with lots of new buildings BUT it is cold and we got snowed on several times.

All in all great hospitality - I am looking forward to visit again next year.

Other than that, I have been busy preparing for my year as your President. There is lots to do, like preparing for our busy AGM and the forums as well as designing and ordering pennants, pin badges and polo shirts. This doesn't include arranging flights, hotels and function packages. Not that I am complaining as it should be a fab year.

Barry

Have you experienced an International HYM?

No - Then you are possibly depriving yourself of a unique Tabling experience.

YES - Then you have experienced a unique Tabling event, all you need to do is decide if the next one in Cyprus is for you, of course it is. Just click on www.hym2023.com then book your place.

If your answer was **NO** then read on:

Background; the Half Yearly meeting meets between Monday 9 to Sunday 15 October and include; a daily pre-tour from Monday to Wednesday; and or a 3 or 4 day package; including a Beach party, Boat party, Gala night and farewell Brunch; the pre-tour themes are Troodos tour, Aphrodite tour and Wine tour.

For the dedicated 41er or Tangent member there will be Workshops and of course the Half Year Meetings.

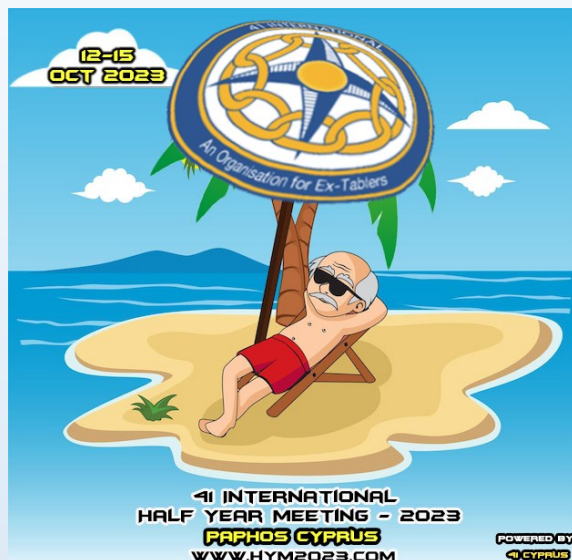

Plenty of 'you' time is built into the programme so you can sunbathe, swim in the clear warm Mediterranean Sea or your hotel pool, explore the Harbour and walk on our magnificent Coastal Path.

Just think how you need a break on the Paradise Island of sunny Cyprus and simply click on www.hym2023.com and read all about it, then register your booking.

Let us know should you have any questions by emailing to info@hym2023.com

David Illingworth

IRO Cyprus 41 Club

Zoom Across The World

On Thursday 23rd March a Zoom meeting was held with all the International Presidents and Vice Presidents of the five members of the Round Table Family. We discussed the .World platform, our upcoming events and community service initiatives such as the LCI Waste Challenge and RTI Movember. It's good to be side by side!!

What a difference four years has made! Four years ago we had probably never heard of Zoom, a few communicated with Teams, Skype or other video conferencing services but they were often limited in the numbers who could join in, many homes did not have fast enough wi-fi and they were not very reliable. Then in early 2020 along came Covid 19 and we were not able to meet personally for months and eventually years.

Faced with this situation many clubs, national boards and international boards turned to Zoom to maintain their fellowship and for most it proved very successful. In 21-22 the 41 INTERNATIONAL board started holding meetings with the boards of the individual member countries. They proved to be very informative and allowed board members to chat with and recognise members of other boards that had previously just been a name. These meetings have continued this year under President Tom and Barry fully intends to continue them in his year.

Life is now returning to normal, with travel restrictions being lifted and meetings allowed in most countries. However we will continue with Zoom meetings as they open up the entire world to us. We encourage clubs to avail themselves of Zoom (other services are available) especially to hold meetings with the clubs in other countries with whom they have connections or even spread their wings further and arrange meetings with clubs they have never actually met before.

Please let us know if your club arranges a video meeting with one in another country!

AN ENCOUNTER WITH FRIENDSHIP...

OOPS, AN ENCOUNTER WITH THE ROUND TABLE FAMILY!

22-27 Feb 2023 ... LCI APAC MTM, Colombo Sri Lanka

It stares you in the face! It is taken for granted! Only an encounter like this shakes you and tells you, we are here, all of us in friendship! Join the journey of friendship!

It all happened when I first represented TCI as an official delegate. Couldn't have asked for a more beautiful country than this to make my debut!

Stepping off the flight into the warm embrace of petite Vasanthi, IPP Tangent Sri Lanka, it felt like coming home! And this was exactly what the next five days were ... Felt like home in another country! Both Sivamohan and Vasanthi, are such wonderful hosts. They opened their hearts and their old-styled charming home unlike the others in Barnes Place! Barnes Place is like a period drama, where time has frozen in its lanes. Their colonial English styled residences, with many converted into boutique stores and/or hotels, retaining the old appeal and artefacts of yesteryears.

Five action packed days, sightseeing, project visits, shopping, spa sessions and the highlight of my visit, the LADIES CIRCLE INTERNATIONAL APAC REGION MEET! It was with a lot of apprehension I agreed to attend this event but I am so glad I did. It is 17 years since I had retired as a Circler!

Organised by a small country with just a handful of Circlers to work with, the true meaning of SIDE BY SIDE came to play when members of four associations of the RT Family came together to make this event a success. First Night (Informal Night) truly exemplified their intent "Ayubowan". Set in the midst of trees and sand, they welcomed us dressed in sarongs and a traditional Sri Lankan folk dance. Followed by short speeches by four association heads, RTI LCI Agora and yours truly Tangent, yummiest of food, spicy cocktails and the largest contingent from Nepal burning the floor to Bollywood hits, the night was never meant to end!

Second Day (MTM) was filled with country reports, awards, speeches, LCI APAC Half Yearly report amazed one with the kind of work being done by all its member countries. We cheered the works of its members – Bangladesh, India, Sri Lanka, Singapore, UAE, Philippines, Nepal. The reports presented by the LCI APAC Region Chairperson Arti Agarwal from Nepal filled one's heart with joy! And what a delightful sense of gratification when LCI President Martina presented her report on global triumphs. Just made me so proud thinking that this is where we all in Tangent have come from, this is our lineage!

The Banquet Nite, the banner exchange, sipping champagne and dancing till the wee hours of the morning, made the event complete! I walked away with the Twinkling Toes award, which I dedicated to the Nepal contingent They danced so I danced, and how!

But it just didn't end there! My darling hosts threw another party to introduce me to the 41 and Tangent Sri Lanka members. Tangent 1 & 2, presented their project work, which I was so fortunate to visit on Day 2 of my stay. I think this is a first, Project Achieve joint between Tangent Sri Lanka and Tangent India Tirupur #35. Seeing that the two Clubs are trying to do so much with their limited resources, right after their presentation came forward OUR SIDE BY SIDE PARTNERS, Round Table Sri Lanka, Ladies Circle Sri Lanka, Tangent Sweden and our dear friend Mihaela President Agora, offering assistance in many ways.

Tangent India, is of course always be there in care and kind!

We are a rare pedigree, as it is this very SERVICE THROUGH FELLOWSHIP, that binds us all!

Saying bye was not easy, for all smiled as each one of us knew that we would meet soon, to celebrate FRIENDSHIP!

Jayashree Chaudry

TCI Vice President

Help That Arrives—One Year On

Over a year of "Help that arrives" 🇺🇦 ... and we still need YOU!

💪 We are working tirelessly to help those in need connect communities and transport supplies to where they're needed most.

ACI CONFERENCE 2023

28th - 30th of September in Brasov, Romania

We are thrilled to invite you to the Agora Club International Conference 2023, hosted by Agora 3 Brasov and Agora 5 Sacele in the stunning city of Brasov, Romania. The conference will take place from September 28th to September 30th, and promises to be a fantastic event for all attendees.

Located in the picturesque Carpathian Mountains, Brasov is a city of exceptional beauty, with a rich history and culture. This charming destination is known for its medieval architecture, mountain views, and traditional cuisine, making it the perfect backdrop for this exciting event.

We hope that you will join us for this unforgettable experience, as we explore the stunning city of Brasov, and engage in lively discussions about the future of our association.

Easter Trivia Facts

Easter 2023 will be celebrated on the 9th April.

Here are some facts that you may not know:

- Easter always occurs between March 22 and April 25.
- Easter is a “movable feast” – one that is set according to the phases of the moon – so the dates are different each year.
- It is believed by some that Easter was named after the Anglo-Saxon goddess, Eastre, whose symbols were the egg and the hare (rabbit).
- More than 90 million chocolate Easter bunnies are manufactured each year.
- The first Easter eggs were coloured red, in memory of the blood Jesus shed during his crucifixion.
- The largest chocolate Easter Egg was created in Tosca (Italy). It weighed 15,873 lbs., 4.48 oz., and had a circumference of 64 ft., 3.65 in. at its widest point.
- In the 13th century, the church prohibited the eating of eggs during Holy Week. Marking the eggs laid during the week began the custom of decorating eggs.
- In Britain, certain foods are associated with the celebration of Easter:
 - Hot Cross Buns, a Good Friday treat, contain raisins or currants and then topped by a glazed icing cross.
 - Roast lamb, the main dish at Jewish Passover, is the traditional meat for the main meal on Easter Day.
 - Simnel, a fruit cake with marzipan (sugared almond paste) on top and 11 marzipan balls representing the 11 apostles (not Judas, who betrayed Christ), served at tea time.
 - Easter biscuits or cakes, eaten on Easter Sunday, containing spices, currants, and grated lemon rind.
- In the United States, traditional Easter foods include ham, chicken, and lamb.
- It is believed that an Italian baker made the pretzel to look like arms crossed in prayer during the Passover season sometime between the 300s and the 600s.
- Americans consume over 16 million jellybeans on Easter, enough to circle the globe more than three times.
- In some European countries, other animals — in Switzerland the cuckoo, in Westphalia the fox brought the Easter eggs.

House of Hope, in March 2023

DONATIONS PLEASE

Help us to help them! Our Ukrainian Refugees in need

Thanks to Xander and his friends from the Netherlands, an emergency generator was purchased and has been installed for Ciobalaccia. Unfortunately, according to the Local authority Electricity Company office, the device cannot yet be put into operation, as the old cables and switch boxes are no longer suitable for it.

Action:

Get a local offer for new installation and collect donations or the request via Side by Side, who can help here with material and "hands on".

Jürgen Ahlert offered us 100 stacking chairs, which are needed in the "House of Hope".

Action:

Plan delivery with one of the next convoys. –Jürgen confirmed the need on 20.03. He takes care of it. Kirill told us that solar panels are urgently needed in Kherson. Quantities, address and name of the institution follow.

Action:

Possibly. Purchase via the network, or call via side-by-side.

Kirill mentioned that hearing aids are needed for 4 people.

Action:

Tommy Führer will contact Andreas Perscheid as soon as I have received the confirmed audiograms.

In the front area of the "House of Hope" a playground is required for the children is to be created (see picture). Preparations, such as clearing the areas, are in full swing.

Action:

The playing area must be fenced in. I requested an offer directly on site. For playground equipment such as slides, etc., a separate call could run via social networks. Has anybody any contacts for such equipment?

Bringing colour to the "House of Hope". As soon as the electrical work is completed, the holes in the walls should be filled and the interior recreated with paint.

Action:

Peter Krahel would provide a bus in July. Thus, a "hands on tour" to Ciobalaccia would be possible. "Side by Side" on the bus and do everything for 1 week on site. Paint and filler is cheaper to buy in Moldova. Donations for the campaign urgently needed.

41ER.WORLD - A look into the background

There are always wishes and necessary adjustments to Round Table's TABLER.WORLD - the programming for these has to be planned and commissioned. Much of this has been and will be technically transferred to the 41ER.WORLD for 41 INTERNATIONAL, so that we are always up to date.

All other associations can state their technical wishes, the expenses are estimated, these are recorded in a priority list - if this is important for all 5 associations, we list this at the top of the priority list. An important factor is also the financing of the changes, the expenses must be borne jointly by the respective associations.

Once this has been clarified and planned, time is reserved with the programmers so that this can be implemented as quickly as possible. The list of wishes and desires is of course much longer than the necessary programming time ... in a monthly meeting of the association administrators it is discussed what can be implemented, what will be financed and when it will be programmed.

As Association Administrator of 41ER.WORLD, I inform the national administrators of all currently 16 countries on 41ER.WORLD about the plans, planned adjustments and actual changes to 41ER.WORLD. In workshops I present the new functions and we discuss together how to use them.

If you have any further questions, please contact your national administrators or me directly.

Fabian Engler

41ER.WORLD Manager

As part of our plan to widen the interests of 41 INTERNATIONAL members, we have introduced a series of Special Interest Groups (or SIGs) on Facebook. Four were launched in May and we have added a further five in June. They are private groups and only members of 41 Clubs (or Tangents) are allowed to join. They cover a wide range of interests and we are looking to start more. Please feel free to apply to any groups that interest you and if you have ideas for other groups please let us know. Please do not create your own groups using the 41 INTERNATIONAL name.

*This special group is for 41ER.WORLD & RT Family Friends members.
Here's what you can expect in this group.*

- * Personal support for questions about 41ER.WORLD
- * Tips & tricks about 41ER.WORLD
- * Video tutorials
- * Announcement of 41ER.WORLD workshops & events
- * Presentation of new 41ER.WORLD developments

This group is especially for the exchange of questions, problems and solutions, which can be found among each other and so everyone can learn something.

Also join the Whatsapp support group:
