

# Swiftqueue Online Booking Patient User Guide

#### What is Swiftqueue?

Swiftqueue is an innovative solution that is transforming patient experience.

Swiftqueue allows patients to see live appointment availability and make a booking at a convenient time and location of their choice. This will improve patient flow, minimise wait times and reduce overcrowding. Patients are also able to cancel and reschedule appointments online. There is no change to the number of blood tests that will be taken at each phlebotomy site.

Once you have registered, you will need to book your appointment. To do this:

1. To book an appointment log in to the Swiftqueue using your registered email address and password.

2. Click on the Book Appointment button and follow the steps to book your appointment.

3. Choose your clinic by typing the name of it in the search box. You can also search by location to find your nearest phlebotomy clinic if you're not sure.
